FEATURING THE WORLD'S LEADING DESIGNERS

ROD MICKLEY

Designer: Rod Mickley. Company: Rod Mickley Interiors, Florida, U.S.A.
Profile: Predominantly residential work in the U.S. Recent projects are in Florida and include the Swarovski residence. Current work includes projects in Connecticut and Florida.

Art collecting golfer who loves to cruise the Med. He's inspired by the humility of his hometown Louisville, Ohio. Rod's earliest memory is hiding his four knuckle boots in the shrubs on the way to school. His first job was washing dishes, and his first car is still his favourite – a Dodge Dart. The craziest thing he ever did was putting his finger on a map and moving there. The best advice 'keep employees to a minimum'.
